

"Youth in open innovation processes
contributing to
the regional innovation strategy"

Anna.ntinidou@luopen.lu.se

Who are we?

- ▶ LU Open is Lund University's triple-helix collaboration platform
 - ▶ ICT/Mobility, Future Cities, Health & Food, Materials Evolution, Smart lighting, Open innovation, Social innovation
- ▶ Our role is to bring the university knowledge into projects for the benefit of society
- ▶ Focus on supporting youth innovativeness
- ▶ Platforms and physical spaces:

Contribution to the International Innovation Strategy for Skåne

- ▶ **Collaboration in IISS implementation and in ensuring long-term financing**
- ▶ **Matching and supporting** the priorities within the Skåne Regional and Innovation Strategy for Smart Specialisation (RIS3):
 - ▶ Smart Personal Health
 - ▶ Smart Sustainable Cities
 - ▶ Smart Materials
 - ▶ Mobility/ICT/Connectivity as a horizontal enabler
- ▶ Sub-strategy: From cluster initiatives to the development of open innovation arenas in Skåne
- ▶ Developing new innovative areas and creative environments

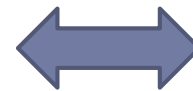

Synergistic activities

Contribution to BSR Stars goals:

Develop competencies and capabilities in working with open and demand-driven innovation methods.

- ▶ Development Projects on Open and Demand Driven innovation

DEMOLA

NETWORK

- ▶ Youth innovativeness
- ▶ Award-winning ecosystem of creative action for students, companies and universities.
- ▶ Collaboration with Skåne Region and all 5 universities in the region – open innovation process
- ▶ First pilot successful cases summer 2013
- ▶ Fall 2013 – new cases already started.
- ▶ Long term financing is a goal.
- ▶ Cases are operationalized at Black Pearl

Our BSR collaboration offer:

- ▶ Collaborating with other regions bringing in ideas from equivalent Open Innovation Arenas in the BSR - Joint innovation support measures
- ▶ Project partnership related to your region's smart specialisation strategy, especially those aligned with the RIS in Skåne region
- ▶ Dissemination of open innovation processes which can support your strategy - emphasis on youth innovativeness
- ▶ A physical space where personal contact is crucial
- ▶ Complementarities and enhanced capabilities
 - ▶ Baltic Sea network for project management and research support (DK, SE, RU, LT, GE, LV) already underway

Why?

- ▶ To take innovation and smart specialisation across borders and “Get smarter together in the Baltic Sea Region”!
 - ▶ Common challenges and diverse but complementary strengths
 - ▶ Explore geographical proximity
 - ▶ Similarities in smart specialisation policies and relevance of actions
 - ▶ Competence dissemination to BSR regions
 - ▶ Increased EU financenment opportunities
 - ▶ to Connect the Region and Increase Prosperity.
- ▶ Who can be involved?
 - ▶ Triple-helix actors in the BSR.
